

ADN Constitution

Preamble:

We, people who value the significant advantages of human collaboration in a human rights framework and the potential of decentralized technologies, create ADN.

ADN's primary objective is to cultivate a community of artists, creatives, and blockchain enthusiasts who share a common interest in the intersection of the arts and blockchain technology. By providing a platform for these individuals to showcase their talents, earn rewards, and participate in the governance of the DAO, ADN seeks to promote and advance this exciting new field.

To ensure that ADN operates according to the values and principles that we hold dear, we have outlined this constitution. These guidelines will govern the day-to-day operations of the nation and ensure that we continue to uphold our commitment.

Article I: Name and Currency

Section 1. Name

The name of this DAO shall be ADN that stands for Asamblea Digital Nacional (Digital National Assembly).

Section 2. Currency

The official currency of ADN shall be the Kancha token. The Kancha token shall be used for all transactions within the DAO, including but not limited to rewards, fees, and voting.

Article II: Purpose and Objectives

Section 1. Purpose

The purpose of the ADN DAO is to promote and support the arts through the use of decentralized technologies. ADN aims to provide a platform for artists and creatives to showcase their talents, earn rewards, and participate in the governance of the DAO.

Section 2. Objectives

The objectives of ADN are as follows:

1. To host monthly automated contests that award 1 million Kancha tokens to the art of the month as elected by a random jury, with 50% weight of vote and the entire DAO members population voting as the other 50% weight.
2. To mint a limited amount of 1 googol Kancha tokens to facilitate rewards, transactions, and governance within the DAO.
3. To require every member of ADN to mint a NDI (National Digital Identification) that is an NFT.
4. To scale the DAO to offer more public services for ADN digital habitants, including healthcare, education and food assistance.
5. To become a network state, a digital nation that allows anyone to join as they commit their NDIs and accept the digital constitution.

Article III: Membership

Section 1. Eligibility

Membership in ADN DAO is open to anyone who accepts the digital constitution, mints a NDI, and holds Kancha tokens.

Section 2. Rights and Responsibilities

Members of the ADN DAO have the following rights and responsibilities:

1. The right to vote on proposals and decisions within the DAO.
2. The responsibility to participate in the governance of the DAO by voting and proposing ideas.
3. The right to earn rewards for their contributions to the DAO.
4. The responsibility to abide by the rules and regulations of the DAO.

Article IV: Governance

Section 1. Decision-Making

All decisions within ADN DAO shall be made through a decentralized governance process. The DAO will utilize a hybrid voting system with 50% weight of vote from a random jury and the entire DAO members population voting as the other 50% weight.

Section 2. Proposals

Proposals may be submitted by any member of ADN. Proposals will be voted on by the members of the DAO, with each member receiving one vote. Proposals that receive a simple majority of votes will be implemented.

Article V: Tokenomics

Section 1. Kancha Token

The Kancha token is the official currency of ADN. It shall be used for all transactions within the DAO, including but not limited to rewards, fees, and voting.

Section 2. Rewards

ADN will award 1 million Kancha tokens every month to the art of the month as elected by a random jury, with 50% weight of vote and the entire DAO members population voting as the other 50% weight. In addition, members of the DAO may earn rewards for their contributions to the DAO, including but not limited to proposing ideas, participating in events, and providing services.

Section 3. Minting

A limited amount of 1 googol Kancha tokens shall be minted as a one-time event. These tokens shall be used to facilitate rewards, transactions, and governance within the DAO.

Article VI: NDI (National Digital Identification)

Section 1. Purpose

The purpose of the National Digital Identification is to identify members of the ADN DAO and provide a means for secure and decentralized verification of their membership.

Article VII: Public Services

Section 1. Expansion

ADN aims to scale its operations to provide more public services for its digital inhabitants. These services may include but are not limited to healthcare, education and food assistance.

Section 2. Network State

ADN aims to become a network state, a digital nation that allows anyone to join as they commit their NDIs and accept the digital constitution.

Article VIII: Amendments

Section 1. Process

This constitution may be amended through a decentralized governance process. Any member of ADN may propose an amendment to the constitution. Proposals will be voted on by the members of the DAO, with each member receiving one vote. Amendments that receive a two-thirds majority of votes will be implemented.

Section 2. Ratification

This constitution shall be considered ratified upon adoption by a two-thirds majority of the members of ADN.

Conclusion:

This constitution outlines the principles and guidelines that govern the operation of ADN. ADN aims to promote and support the arts through the use of decentralized technologies and provide a platform for artists and creatives to showcase their talents, earn rewards, and participate in the governance of the Digital Nation. By committing to the NDI and accepting the digital constitution, anyone can become a part of the ADN network state, a digital nation that aims to scale to offer more public services for its digital habitants.
